

## DIESEL ENGINE OIL ACRO 245

DIESEL ENGINE OIL ACRO 245 is a high quality diesel engine oil designed to meet the lubrication requirements of many type of diesel engines. It provides outstanding protection for diesel engines running at high temperature.

DIESEL ENGINE OIL ACRO 245 is a performance product which is optimized to provide maximum control of carbon deposit, minimum oil consumption and best neutralizing ability for not only new engine design, but also some diesel engine type designed in as early 80's. Its high alkaline reserve neutralizes harmful combustion by-products when engine burning relatively low quality diesel with higher sulfur content.

DIESEL ENGINE OIL ACRO 245 also perform equally well in many types of gasoline engine, giving mix fleet operators a high performance product for widest using coverage.

## APPLICATIONS/ BENEFITS

- Keeps piston clean
- Minimize oil consumption
- Protects against ring and cylinder wear
- Neutralizes acids from high sulfur fuel
- High performance both in diesel and gasoline engine
